

PROGRESSIVE PHP
OF SEASIDE HEALTH SYSTEM

About Us

Progressive PHP of Seaside Health System is located just north of Baton Rouge, Louisiana.

We offer intensive mental health treatment at the Partial Hospitalization level of care, and specialize in the psychiatric and dually diagnosed patient. Partial hospitalization is designed to provide the support and treatment needed to prevent hospitalization and to further stabilize those patients being discharged from a hospital setting.

Our rural setting allows us to provide quality care with the comforts of home and without outside distractions.

Our care is individualized...meaning it's tailored to be as unique as you are.

Welcome to Progressive

In this safe and serene setting, we focus on assisting our clients in learning how to cope effectively with their mental health and substance use disorders. We accomplish this through an individualized program consisting of a multidisciplinary and Evidence Based Multi-Modal treatment approach, with a strong emphasis on group and individual therapies.

Our Foundation

The foundation of Seaside is based on a strong commitment to patients, families and the communities we serve. We are committed to the deliver of quality, compassionate care with focus on the needs of the individual.

We serve our patients, their families, and the community.

Comfortable, Safe, Serene

Eligibility

Treatment is provided to men and women, ages 18 and up, with mental health issues and a DSM-V diagnosis that meets medical necessity criteria. We care for those with mental health diagnoses, many of whom have co-occurring substance use disorders, that substantially interfere with their ability to manage on a day to day basis.

We understand the challenges that mental health issues or substance use disorders pose.

Exceptional Care
